This workbook is designed to help overcome the nerves that can cause sight-reading problems by giving sound technical advice and confidence boosting tips. Step-by-step it helps the violinist to build up a complete picture of each piece, first through rhythmic and melodic exercises related to specific problems, then by the study of a prepared piece with associated questions for the student to answer, and finally going solo with a series of carefully progressive sight-reading pieces. Check-boxes for each stage allow both teacher and pupil to keep an eye on progress.

### Reviews

*This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who state that there had not been a worth looking at. You wont really feel monotony at any moment of your own time (that's what catalogues are for about should you request me).*

-- Cale Hansen Sr.
