### Reviews

*This is the finest publication we have read through right up until now. Better then never, though i am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after i finished reading through this book by which basically altered me, affect the way i think.*

Not illustrated. 1902 Excerpt: .to draw and finish the outline before they pay the slightest attention to light and shade, losing in this way one of the most valuable helps to action, proportion, and construction. It is not necessary to indicate the tone at first, merely the important accents of the edge of the shadow; and to study whether the edge comes sharp or soft, and how sharp or how soft. I want here to call special attention to the necessity of making all these indications of accents with all the skill and care one is master of. After having shown a student how the thing is done, one is apt to come around and find a mere succession of spots put down unintelligently, without reference to the structural points, and the pleased scholar smiles on one as if he had done just what was desired. I have heard it advanced against this way that it gave things a scrappy sort of look. In the first place, as we are only beginning, this does not matter much. We shall work all that out later. Yet, as there is some little danger of losing the swing of outline desired in a figure, there is no objection to putting in the outline now or a little before. Only it should be put in extremely lightly and only as a tendency line, so to say. The danger is, at this early stage, that one will get interested in studying one line to the...
