## MODELING AND SIMULATING URBAN PROCESSES

Lit Verlag Mai 2011, 2011. Taschenbuch. Book Condition: Neu. 238x162x10 mm. Neuware - Urban processes like segregation, migration, or economic transition take place at different temporal and spatial scales. Adequate modeling and simulation techniques are in great demand which consider bottom-up and top-down relationships equally. This volume presents approaches within the field of complexity theory, ranging from spatial-econometric models to geostatistical techniques and multi-agent system simulations, to analyze and visualize patterns of social organization, individual behavior, and spatial fabrics. 136...
