Brand New Book ***** Print on Demand *****.Excerpt from Purposeful Handwork It is my hope that this little manual will be regarded by the lay teacher as a compilation of suggestions, and not as an extensive study, or final treatise on handwork. As society evolves, education must change to keep apace with it, so may this text serve as a waypost, not a goal. I do not claim it to be original. It is a compilation of suggestions and ideas which have come to me from my own little daughter, from the children whom it has been my good fortune to teach in public schools, from Normal School students, from observation of daily life, and from individual study. The projects described have been worked out in an average one-teacher, one-room public school kindergarten or first grade of mixed population.
