An angelic romance that is Powerful, Suspenseful, Sexy, Uniquely Erotic, and Romantic. In a secret Michigan Laboratory, an experiment developed a superior creation that was anticipated but not expected. He was the ultimate conception, a core life-being merged with avian. He was born with a gift, a rare one; the ability to fly. His wings instinctively brought out the urge in him to fly, and Kellan's need to be free became his obsession. When the dark, swirling clouds loomed one night, Kellan abandoned the place he had called home, taking to the sky in search of his freedom and to seal his heart that seemed incomplete. Because Kellan's secret was too great for anyone outside the institute to know about, TC unleashed genetically altered Maniacs to bring him back. Through independence, his amazing reality brought riveting adventures to a man he found and couldn't seem to live without. They get tangled with hair-raising suspense that adds heart-pounding tension to every attempt they make at living their unique affair. They faced uncertainty so hectic that staying together was the least of their challenges, and it caused many of their bouts with passion to spiral in and out of chaos. Along their frenzied path to survive, hidden secrets surface about Kellan, prompting each move they make in order to truly set him free. Could Kellan's one true love and passion to fly be the death of him? It's a magnificently inventive adventure of menace, romance, and extreme erotic pleasures.
