Brand New Book ***** Print on Demand *****.Romantic love takes center stage in so many aspects of life. It is the leading lady in a plethora of books, movies, and songs. The next time you listen to the radio, notice how many songs are about love. It s a hot topic at cocktail parties, dinner parties, and just about everywhere you go. You can even hear interesting tales about love around the water cooler at work! Romance is a big deal and a multimillion dollar industry. Unfortunately, breaking up is just as popular. I agree with the old song---breaking up is hard to do! The fallout from a break-up is quite an experience. It sends you down a road that rips your heart and soul out and leaves you all alone, naked and shivering as you try to figure out how to get back home. When you re going through a break-up, you need lots of comfort. So, think of this book as your favorite blankie, your cozy cup of tea, or that warm hug you sometimes just really need. Think of this book as chocolate for break-ups! And remember---feed your heart, not your hips!.
