Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.From Babylon to Beauty begins to address the need among Adventists to form a complete and growing view of God and His eternal purposes in the great controversy between good and evil. This need is greater than ever before because young adults are leaving the church at unprecedented rates to seek answers to their questions elsewhere. Often, they simply stop asking. From Babylon to Beauty is the introduction to a series that asks the big questions in life and provides answers based on patterns of evidence that reflect the pattern in the Beatitudes. Those short, concise "happy sayings" point the way to personal redemption and friendship with God. They reveal mysteries of iconic objects such as the sanctuary and the ten commandments. The Beatitudes are also a guide to Christ's life and the history of the world. The Bible no longer needs to be a source of confusion and opinionated arguments. It has a unity and clarity of purpose because it teaches the same simple Beatitude pattern over and over again in different ways. As the reader perceives that pattern, they will perceive the voice and teaching of their personal Savior.
